QUESTIONNAIRE

(Get the questionnaire filled in from the Institutions
IITs/IIMs/Ts/CUs)

1	How old is the Institution? Which year was established?	The Jawaharlal Nehru University was constituted under the JNU Act, 1966 (53 of 1966) and came into existence in 1969	
2.	How many acres were allotted?	1019.38 Acre, out of which 157.40 Acre allotted to other Govt. Institutes as per Annexure- 'A'. Protected forest land-200 acres vide notification SCO-32 (C)/noti-80-81/6974-81 dated 10.04.1980.	
3.	How many acres have been asked so far a. For Buildings b. Roads c. Common facilities d. Sports facilities	Same as para-2 above	
4.	a. Administrative and Academic Building + class rooms – what sq.ft.? b. Hostels- what sq.ft.? c. Residential d. Misc buildings like Health Centre, Sub-station etc.	Ground coverage (Sq.ft.)	FAR (Sq.ft.)
		5,48,180.00	16,68,475.00
		4,89,881.00	12,49,731.00
		5,11,887.00	10,37,056.00
		1,42,061.00	1,60,446.00
5.	How many acres will be utilized for in the next 10 years?	The land use planning of JNU was conceptualized with a perspective three stage development. In 1 st stage total plinth area was 33.93 Lacs sqft. with 3200 students and 400 faculty staff. Presently total built up area is 41.57 Lacs sqft. with land use of 319 Acres (approx.). In addition to this land reserved for park, green belt etc. is 180 Acres as per Master plan of JNU. The area under road is 30 Acres (approx.). Further large parcel falls under catchment area of check dams and ravine where no construction is feasible. In the event, stage-III (1000 students & 1250 faculty) is achieved within the next 10 years, our complete land shall be utilized.	
6.	How many acres will be required in the next 20 years?	NIL	
7.	Had we gone vertical, how many less acres would have been used.	Many buildings have been built vertical/multi storey. Old structure buildings which have been constructed earlier as per plinth areas requirement and availability of funds at the time of construction were so planned/designed, which has served the purpose.	
8.	What do think should be land requirement of new institutions, if we go vertical and given that getting land is difficult: - 25 Acres - 50 acres - 50-75 acres - 100 acres - 100-200 acres - Any other?	- N/A -
