Area-I

Categorization of Journals for Area-I

Category A

1. Referred journals with impact factor >1:

Area-II

Classification of impact factors for CAS promotions

In modification of earlier classification of journals given by us for CAS promotions etc. for Geosciences (Area II), the following new classification is suggested:

Impact Factor	Grade
1 or more than 1	A

Area-III

Area III faculty members met to decide the categorization of journals in which they generally publish the work. It was agreed upon unanimously that:

Journals with impact factor of more than or equal to one be categorized on (A) category

Area-IV

Minutes

A Faculty meeting of the members of area IV was held on 1.9.2011 at 3 p.m.

It was decided for categorization of journals for area IV as described below:

> 1.5 – A
